Arranger, Composer

## About the artist

An anarchist against pedagogy & elitism, I am a young revolutionary who adores curios and the avant-garde in the utilization of purist instrumentation. I tend towards modal and musical bizarrerie; love the notoriously underrated artist Monticelli, and live as eccentrically as possible. Bach and Bartok are slight influences of mine (I wish the two great composers were one man.) Believing that music is an opportunity for challenging the mind, I like to employ techniques which give an effect of elusiveness and dissonance.
