I miss you But I can't complain Still got you running round my brain
We walked in the fields by the reservoir Capable of anything Never far
If I could switch to an alternate theme Live a double life Chase the dream Under no
Can't hold back the tears or throw some sandbags round the door Maybe I can drown in

Acres of green grass Going up in flames Still got you running round my brain
from the wheels of industry Turns us all around Shaping you
illusid under no thumb I'd turn the clock back in a second son
my misery Whatever happened to you and me?
